

# Does God still create stuff today?

## Questions for thought....

Based on Genesis 2: 1-3

- Name three ways the Bible tells us about how God was involved at creation at the very beginning.
- How do you define creation?
- What's some human created stuff that's good?
- Have people ever created stuff that messes with God's creation?
- What do you wish God had created?
- What's the easiest thing for you to believe about creation? The most difficult?

**Im-a-go Dei**  
[ee-MAH-go Day]  
Latin, *the image of God*. Genesis 1:26-27 reveals that God intends for human beings to be a reflection of divine creativity and care.
